[redacted] Met with Mr. Robert Michaels, House Appropriations Committee staff, and provided him with a set of the supplemental budget figures for the Chairman. Mr. Michaels advised that with regard to the breakdown of the figures for covert action programs, requested by the Chairman, that it would be well if they be set forth by program and activities with thumbnail sketches of those activities exceeding an appropriate figure, such as one-half million dollars.

Reviewed with Mr. Michaels, the analysis prepared by FMSAC of the [redacted] Report of 8 February on Communist deaths in space. Michaels suggested that since the supplemental had not been covered by the Director and Mr. Mahon in their meeting, it would be necessary for a brief meeting on the supplemental before the Committee goes to mark up the later part of next week. He suggested 9:00 a.m., Wednesday (before our 10:00 a.m. appearance before Armed Services) or 10:00 a.m. Monday, 27 February.

[redacted] Met with Mr. Phil Kelleher, House Armed Services Committee staff, who advised that the Director's meeting with the full Committee will be scheduled tomorrow morning for 10:00, 1 March.

[redacted] Received a call from Muriel Ferris, Assistant to Senator Philip A. Hart, who advised that the Senator is preparing an address for the Senate reviewing the various matters concerning the National Students Association that has appeared in the press over the past week or so. The thrust of his address is intended to point out the importance of the functions involved and the need for their continuation. Miss Ferris requested on a non-attributable basis, if available, the list of the various organizations and amounts of money that have appeared in the press as an aid to the Senator and his staff. I thanked Miss Ferris for the information and advised that I would submit the request and be back in touch with her in the morning. It was noted that I did not know whether we would have such a compilation or not.
